THE GAZETTE.

THURSDAY EVEN'G., OCTOBER 22.

In France not less than 12,000 women are employed in the glove trade in the department of the Loire alone. In the Grenoble factory there are 1.200 who cut gloves, making on an average four hundred and fifty dozen a year. A single house at Chaumont (Haute Marne) employs 2,051 stitchers. There are three separate kinds of work in glove making-cutting stitching and finishing. Men usually do the cutting; but lately they have employed at the Grenoble manufactories four hundred or five hundred women, who place the leather upon the iron hand, cut it with the aid of a balancier and prepare it for sewing. The stitchers are paid for one dozen single buttoned ladies' gloves four france fifty centimes (90 cents.) and centimes (95 cents.) The mistress deducts fif-ty centimes, and the workman is obliged to through the silk at a content of above forms. foreish the silk, at a cost of about forty centimes; three francs thirty centimes (66 cents) remain for one dezen pairs, or thirty centimes (6 cents) a pair. A gaod worker can make at most four pairs a day, but the majority of women do not make more than two and ahalf.

PARTRIDGES. -- Sportsmen are now engaged in shooting this fine bird. They are not as plentiful as in some years past-the hard winter of 1872-'73 having destroyed many of them. Clarke Courier.
